

## **2023 Summer Internship - Financial Analyst**

**Chicago or Kentucky**

### **Our Company**

Beam Suntory is Crafting the Spirits that Stir the World. Rooted in two centuries of family heritage, Beam Suntory has evolved into the world's third largest leading premium spirits company ... where each employee is treated like family and trusted with legacy. With our greatest assets - our premium spirits and our people - we're driving growth through impactful marketing, innovation and an entrepreneurial spirit. Beam Suntory is a place where you can come Unleash your Spirit by making an impact each and every day.

Beam Suntory currently has the following position open in Chicago, IL or Kentucky.

### **Role Mission**

The Financial Analyst is responsible for supporting the team in running the monthly, global management reporting process for Beam Suntory. This position is the process owner for allocations, on-going EDW training and supports the monthly business review. As a process owner, this position will be responsible for driving process effectiveness (on-time delivery of key schedules, accuracy of information and consistency of data and methodologies). In each of these roles, the Analyst is responsible for driving process improvements, including standardized reports automation, improved analytics, and accountability of report content.

### **This is a Great Opportunity because:**

- Great position to get into a corporate business function
- Work with a broad range of internal customers
- Exposure to many different business functions, opens many different doors for career growth
- Experience in accounting, reporting, and general business activity

### **Outcomes/Success Criteria**

Success would be measured by the candidate's ability to onboard quickly and create value within the team. We are looking for a candidate who is able to produce high quality work, but also thinks outside the box and brings their own experiences to help improve current processes and analytics. A successful analyst would create positive change and help Beam executives make informed decisions with timely and accurate reports.

### **Job Responsibilities:**

- Post required journal entries

- Prepare and review monthly reports and other deliverables
- Participate in active projects as a core team member
- Provide general support to the business regarding systems, data, and analytics

### **Qualifications & Experience**

*Education- Pursuing Bachelor's Degree in Finance or Accounting*

*Additional qualifications desired: Excellent communication skills – oral and written. Knowledge of financial systems and master data preferred (SAP, Business Objects, Tableau, SQL, HANA, and EPM a plus)*

Note – Housing assistance will be available (housing subsidy) for those who qualify.
