

JOIN US! DO WORK THAT MATTERS.

Maintenance Fellows Program - Starts Summer 2024!

PAID CAREER OPPORTUNITY

If you're looking for career pathway opportunities with the **Mora National Fish Hatchery in Mora, New Mexico** or **Rio Mora National Wildlife Refuge in Watrous, New Mexico** with the U.S. Fish & Wildlife Service, this PAID Maintenance Fellows program is what you're looking for!

Work on mission-critical projects:

- You will work alongside conservation professionals in a variety of disciplines.
- You will train under a seasoned maintenance worker to gain technical expertise and project management skills.
- You will have the opportunity to work with action teams in the upkeep of real property assets and habitat management.

The fellowships are paid, include benefits, and are typically 26-52 weeks.

BENEFITS

- Hands on learning/training
- Paid orientation with travel
- Mentorship/professional development
- Living allowance (\$800/wk, \$20/Hr)
- Housing
- Health insurance option
- Public Lands Authority Hiring Certificate (priority hiring for federal positions)

ELIGIBILITY

- Available to serve 6-12 months
- High school diploma/GED
- 18 - 30 years old (veterans up to age 35)
- Some locations require a car
- U.S. citizen or permanent resident
