JOIN OUR TEAM!

Have you contemplated pursuing a career in social work within the realm of public health?

Medical and Public Health social workers support children and youth with special healthcare needs. Serving diverse families, coordinating care across medical, social, and educational services, and advocating for resources to ensure quality support for children ages 0-21.

Delve deeper into the specifics of the positions offered by SHARE New Mexico; the precise locations are contingent upon the position. Kindly refer to the following roster of available openings.
